

Event Tent

Event Tent is the ultimate sun block for any event. It's made with lightweight powder coated steel and a polyester fabric. It offers 100% UV protection and is both water resistant and fire resistant.

Foot

Pull Pin Slider

Simple to Set-Up

Event Tent is so simple it practically sets itself up! With just a simple tug on one leg the frame starts to expand and rise automatically into place. No tools needed!

Safe

The patented pull pin slider design delivers easy, finger safe set-up and take-downs.

Adjustable

The exclusive pull pin leg adjusters make adjusting the height and leveling the canopy on uneven surfaces a snap. Has an adjustable clearance of up to 7 feet.

Stable

Rust proof ABS footpads and D-Ring tie-downs provide superior stability and safety.
